January News
Room 14 Kindergarten

Happy New Year Parents! 2021, is welcomed with open arms. Even though last year was not a typical year, I could not be more proud of my students. They have been so resilient to all the constant changes. The last half of their Kindergarten year, we will make the most of it, and go out with a bang. These kids have learned so much more than what I can ever teach from a book. This month we will learn all about Winter animals and Hibernation, in addition to our concepts.

Bible Verse

Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect.

Romans 12:2
